

EUREKA MARKET (USA) Corp.

The authentic taste of Italy

Italian regional foods specialities

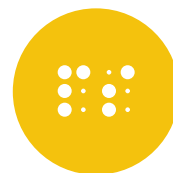

The goal of our Company is to allow the vast audience of US consumers to appreciate the quality and tradition of typical regional foods coming from the Italian territory.

ABOUT US

Eureka Market (USA) Corp. is a direct import channel of Italian food

We represent the excellence of Italian regional agri-food producers. Eureka Market supports the medium-size regional manufacturers who wish to export their traditional food to the United States, including organic specialties and innovative foods with low salt and sugar or against allergies.

Supply chains from manufacturers' plants

Regional food specialties coming from the whole Italian territory

Our warehouses always supplied

OUR MISSION

Eureka Market is today in the United States! The mission is to import the best Italian food products and the most sought-after Italian regional specialties in our warehouses, making goods always available and ready to be delivered to our PROFESSIONAL customers.

Our quality standards focus on the ingredients, freshness, taste, nutritional value, safety and appearance, as well as on authenticity of Italian origin and sustainability.

Eureka Market network coordinates the entire supply chain of our Italian regional producers and collaborate with Distributors and Brokers on the American territory in order to promote a capillary distribution throughout the United States.

You'll be able to commit searches of specialties

..even when they are not easily available on the market.

Our staff of 10 analysts who select the manufacturers can quickly scan the Italian territory in order to match your special requests and desires.

Eureka Market assist Client throughout the whole search and delivery process.

You'll have to focus only on selling, that's all!
