

# **EUREKA MARKET (USA) Corp.**

**The authentic taste of Italy**  
**Italian regional foods specialties**

The aim of our Company is to allow the wide audience of US consumers to appreciate the quality and the tradition of typical regional foods coming from the Italian territory .

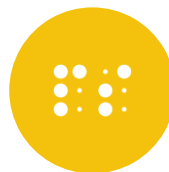

## ABOUT US

**Eureka Market (USA) Corp. is a direct import channel of Italian food**

We represent the excellence of Italian regional agri-food producers. Eureka Market supports the medium-size regional manufacturers wishing to export their traditional food to the United States, including organic specialties and innovative foods with low salt and sugar or allergy-free components.

**Supply chains from manufacturers' plants**

**Regional food specialties coming from the whole Italian territory**

**Our warehouses always supplied**

## OUR MISSION

Eureka Market is today in the United States !  
The mission is to import the best Italian food products and the most sought-after Italian regional specialties in our warehouses, making goods always available and ready to be delivered to our PROFESSIONAL customers.

Our quality standards focus on the ingredients, freshness, taste, nutritional value, safety and appearance, as well as on authenticity of Italian origin and sustainability.

Eureka Market network coordinates the entire supply chain of our Italian regional producers and it cooperates with Distributors and Brokers on the US territory promoting a widespread distribution throughout the United States.

### **Our staff of analysts selecting the manufacturers**

can quickly scan the Italian territory in order to match your special requests and desires.

**You'll be able to commit searches  
of specialties, even when they are  
not easily available on the market.**

Eureka Market can assist Clients throughout the whole search and delivery process.

**You'll have to focus on  
selling only, that's all!**

## OUR SUPPLIERS

**Hundreds of brands & products  
virtually available**

Eureka Market (USA) Corp. offers the best regional foods (and wines) thanks to a large network of Italian affiliated manufacturers.

We can cover all regions and deliver all the available classic and innovative specialties, even the newest ones, just arrived on the shelves in Italy.

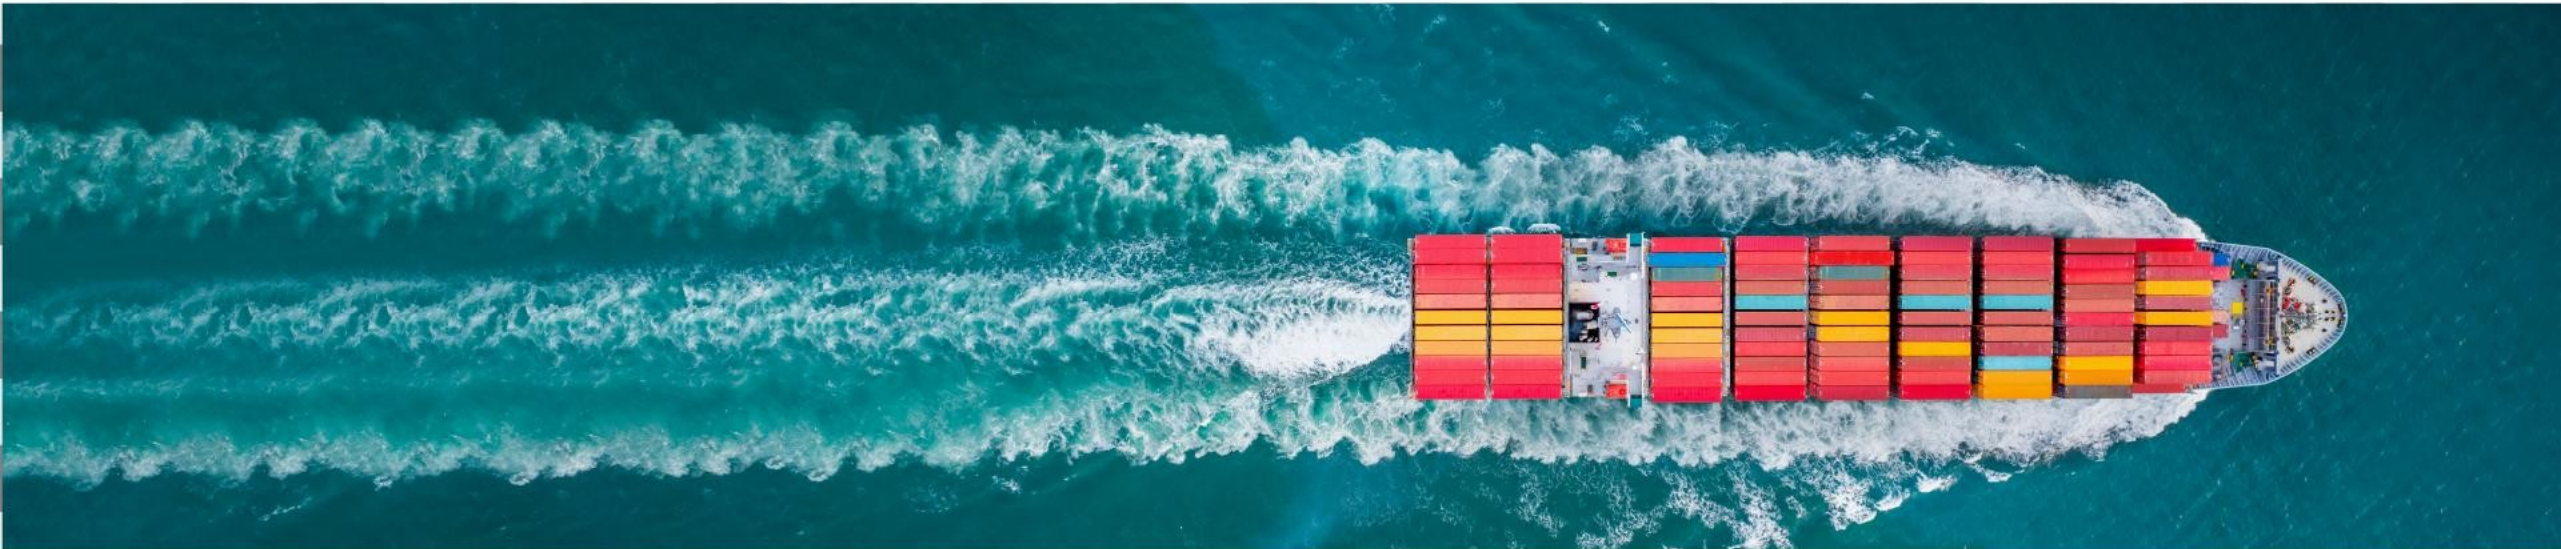

Our producers can also work for the Distributor's exclusive business, depending on orders' dimension. This means we can fit the recipes and packaging for the distribution Brand, ready to be sold in the US.

## OUR B2B SERVICE

Eureka Market (USA) Corp. regularly collects the products to be imported at the production plants of its regional manufacturers, puts them together in containers (packed on pallets) and sends them to the United States by sea or by air.

**Client can choose to purchase products DDP or EXW.**

DDP coming from our US warehouses or EXW by picking them up at the manufacturer plant in Italy with a trusted forwarder.

**Our Clients can take advantage of very competitive prices.**

Eureka Market (USA) Corp. has the mandate to supply products from the Italian manufacturer to the US Buyer directly with no intermediaries.

**Eureka Market is equipped with a centralized logistics.**

Client can collect different products and brands at the same place.

## HOW TO PURCHASE WITH US

Customers are assisted by our specialized advisors based in most of the States. Special requests can also be submitted to our Booking Center in Milano, Italy.
